## PRESS RELEASE

Epic Savassi is a bold project, combining remarkable architectural value with outstanding engineering. Featuring fully flexible apartments designed to cater to various age groups, the development stands out for its prime location and modern, sophisticated architecture.

Upon entering the development, the internal spaces reveal a harmonious fusion of functionality and architectural beauty. The intelligent layout of the environments creates a seamless flow that enhances the sense of spaciousness, offering a living experience that goes beyond the conventional.

“The contemporary and dynamic atmosphere of the neighborhood makes it the perfect location for this development. Living in Savassi means being in sync with the times and embracing the urban lifestyle,” says Fernanda Marques.
