Project Type

Product Design

Author

Fernanda Marques Arquitetura

Project name

Landscape Sofa

Project start date

2022

Project completion date

2023

Photographer

Henrique Padilha

Landscape is a reference to the ever-changing landscape, which adapts and transforms over time. Designed to be versatile with several modulation options, the sofa is a perfect choice for those who want to add a touch of sophistication and versatility to their home. It is proof that it is possible to combine beauty, comfort, and functionality in a single piece of furniture.

In the Landscape sofa, produced by Breton, the furniture has an integral design. There are no 'backs', nor the obligation to lean the piece against the wall. The sofa is to be used and contemplated in its entirety.
